

ADAPTABLE

Need a drive that works with any application? Have it your way with the flexibility of Yaskawa's A1000 drive. Network communications, expandable I/O, and feedback are among its many features. Compatibility with interior and surface permanent magnet motors provides highly efficient, precision control with incredible performance, producing up to 200% torque with or without feedback. For new installations or retrofits, the A1000 provides a single robust solution, regardless of your application.

Looking for adaptability? Call Yaskawa today.
