Yaskawa Featured on World's Greatest TV

Airing on the ION Network in October

Waukegan, Ill. – Starting October 17 through October 26, 2011, Yaskawa America, Inc – Drives & Motion Division will be one of the companies featured on the show World's Greatest TV airing on the ION Network. The show will focus on Yaskawa as an innovative, leading edge company that has, via its parent company in Japan, been serving the world needs for products to improve global productivity through automation since 1915. Since 1967, Yaskawa has been in business in North America, and now Yaskawa is the world's largest manufacturer of AC Inverter Drives and Servo and Motion Control. Check local listings and air times below.

About World's Greatest TV

Already in its fourth season, World's Greatest TV is a thirty minute show dedicated to highlighting the world's greatest companies, products, places, and people. Each show is a fast paced tour around the world featuring behind the scenes footage, informative interviews, and exciting visuals.

About ION Television

ION Television is the flagship network of ION Media Networks, Inc., providing general entertainment featuring a mix of popular television series, movies, specials and sports. The ION broadcast can be seen in each of the top 20 markets and 37 of the top 50 markets across the United States.

About Yaskawa

The Drives & Motion Division of Yaskawa America, Inc. manufactures industrial automation equipment. Its products include industrial AC drives, commercial HVAC drives, spindle drives and motors, servo amplifiers, servo motors, machine controllers, and low-voltage industrial control switches. Yaskawa America's Motoman Robotics Division makes industrial robots that can weld, assemble, cut, and handle goods for manufacturers.
