

INTRODUCING THE WORLD'S FIRST **COMMERCIALLY-ACCEPTABLE HVAC MATRIX DRIVE**

EXPECT LESS

LESS HARMONICS

LESS ENERGY DEMAND

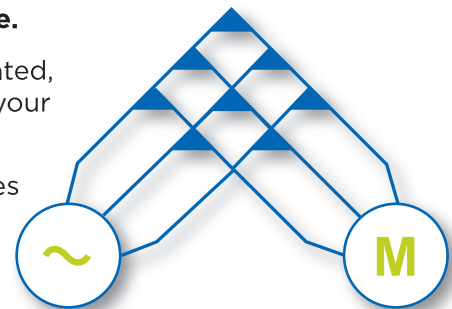

LESS FOOTPRINT

The World's First Commercially-Acceptable HVAC Matrix Drive.

Yaskawa introduces the Z1000U HVAC Matrix Drive - an integrated, low harmonic, regenerative drive designed to greatly enhance your power quality and system efficiency.

- 70% less wiring than traditional harmonic reduction techniques
- Reduced carbon emissions
- Improved power factor
- Up to 65% smaller packaged size

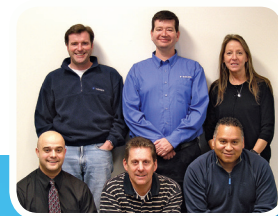

Dramatically reduce harmonics, energy demand and footprint with the new Z1000U HVAC Matrix Drive.
