

PUMP UP PRODUCTIVITY

FP605 INDUSTRIAL FAN & PUMP AC DRIVE

MAKE THE COMPLICATED SIMPLE

You will get pumped up when you take a look at Yaskawa's FP605 industrial fan & pump drive.

The FP605 is a versatile drive that saves time and resources on installation and programming, while maximizing efficiency for peak energy savings and the return on your investment.

- Enclosure options: IP20/UL Type 1 or IP55/UL Type 12
- Available in Electronic Bypass or Configured Packages: (UL Type 1, UL Type 12, or UL Type 3R enclosures)
- Narrow footprint for side-by-side mounting
- Induction, PM and synchronous reluctance motor control
- Supports all major industrial network communications
- Pump control features that maximize drive and pump life
- Mobile-friendly setup with optional Bluetooth keypad
- Programmable without main power supply connected

Need to optimize your industrial fan and pump operations?
