Yaskawa Compass™ Software Upgrade Policy

Free Upgrades

Yaskawa America, Incorporated provides free upgrades via download from our website for minor revision changes. The software revision is typically identified by a four-part number, such as 1.0.0.151. Upgrades are provided at no cost until the major revision (first number) has increased. If there are several minor version upgrades released by Yaskawa America, the user may upgrade to any of these minor revisions at no cost.

Purchase Upgrades

Upgrading to a new major release (e.g. 1.x.x.xxx. to 2.x.x.xxx.) requires purchase of a new copy of Yaskawa Compass™.

This policy is subject to change without notice.
