Yaskawa America, Inc. - Drives and Motion Division (YAI) is committed to maintaining and supporting a safe and secure global supply chain. As a part of that commitment, YAI is proud to be a voluntary certified member of the Customs Trade Partnership Against Terrorism (CTPAT) program since 2009.

The CTPAT program is a key anti-terrorism initiative developed by the United States Customs and Border Protection (CBP) in 2001, [learn more](#). This significant recognition of our security program by CBP exemplifies our enterprise-wide commitment to maintaining and managing the highest security standards, procedures, and processes. Controlling our supply chain and aligning with the program's framework are key priorities for our organization.

Through our participation in CTPAT, we affirm our serious concern for the security and well-being of our customers, associates, and the United States.
