**NOTES**

BEFORE USING, VERIFY SCALE OF THIS TEMPLATE AS INSTRUCTED BELOW.  
 Print on ANSI B (11"x17") size paper. When printing from Adobe Acrobat/Reader, select Scaling: None in the Print options. Always verify scale after printing.

1. Faceplate dimensions show area required on outside of door. DO NOT MOUNT ANYTHING IN THIS AREA.
2. Drill four (4) mounting holes for digital operator holder on outside of door. Use #18 drill, 82° countersink to Ø 0.28".
3. Install digital operator holder using #8-32 x 0.75" flat head screws.

VERIFY TEMPLATE SCALE BY MEASURING THIS 3" LINE (TOL. ± 1/32")

Ø 0.28" (x4)  
See Note 2
