Yes. Please note that MotionWorks now offers two distinct platforms, MPE720 and CPMC-

MPE770. This chart details the application of each platform:

Part #	Software	Controller					
		MP920	MP930	MP940		MP2200	MP2300
CP717PLUS	MW+			✔			
MPE720	MW v4	✔	✔	✔			
MPE720	MW v5	✔	✔	✔		✔	✔
CPMC-MPE770	MW v6					✔	✔

The gray check marks for the MP2000 family of controllers listed under MW v5 indicate that these products are supported by version 5.13 and later releases.
