

Here is a comparison:

	<b>Extended I/O Type</b>	
	<b>"I"</b>	<b>"J"</b>
<b>Pinout</b>	- identical -	
<b>Connectors</b>	- identical -	
<b>Mapping</b>	- identical -	
<b>Programming</b>	- identical -	
<b>Input type</b>	- identical -	
<b>Output type</b>	relay contact	sinking

Go to page 2 of this document for flowchart.

The only item of concern is the output wiring. Follow the flowchart below to determine if the existing wiring is compatible with the "J" option board.
