

# BECAUSE DOWNTIME IS UNACCEPTABLE

**Whether you're 30 miles offshore or drilling 10,000 feet in the middle of Oklahoma, you can't afford downtime.** If the drill stops, you're losing money. That's unacceptable.

With 16,000 units representing 10 million horsepower in oilfields worldwide, Yaskawa AC drives offer a combination of proven performance, consistent reliability and a personal commitment to your success.

**Need to complete your drilling project on time and without costly downtime?  
Trust Yaskawa.**
