

# DRIVE PERFORMANCE

TAKE THE LEAD WITH HV600

Is your drive performance on track with your building automation program? Trust the Yaskawa HV600 variable frequency drive in the clutch to maximize energy savings and occupant comfort.

- Support for PC and mobile device programming
- Safe programming without main power
- Hand Off Auto LCD keypad with tactile buttons and LED status ring
- Built-in building automation protocols
- Emergency Override for occupant safety
- Built-in impedance for harmonic reduction
- Advanced application presets for fans and pumps
- Unmatched Yaskawa reliability

What performance issues do you need in your variable frequency drives? Call Yaskawa at 1-800-927-5292.
