

**Notification of IEC/EN 61800-5-2 Certification
for FP605-Series Yaskawa AC Drives**

Thank you for purchasing an FP605-series AC drive from Yaskawa.

The TÜV certification is pending for the FP605 Safe Disable Input. The Safe Disable Input is qualified; however, you cannot use the Safe Disable Input as a certified “Safe Torque Off” input as specified by IEC/EN 61800-5-2 until the certification is approved. Please contact Yaskawa for the most recent information about the FP605 TÜV certification.
