# Health Savings Account

## How the CDHP with HSA Works

When you enroll in the CDHP and open the accompanying Health Savings Account, or HSA, you have a tax-advantaged way to pay your medical expenses both now and in the future. Additionally, because you can carry your HSA balance over into future years, you can build up a balance over time to cover future medical costs, even into retirement. The below graphic illustrates how the HSA—when coupled with the CDHP—can provide a triple tax advantage to help you pay for eligible medical expenses.

## How Your HSA Works With Your Plan

### Fund Your HSA

Set aside pre-tax dollars up to IRS limits through convenient payroll deductions.

### How the Plan Provides Coverage

In-network preventive care is covered at 100%. You pay 100% for all other medical and prescription drug services up to the plan's deductible.

After you satisfy the annual deductible, you pay coinsurance or copay until you meet the annual out-of-pocket maximum.

The plan pays 100% of eligible expenses once you meet the out-of-pocket maximum.

### Use Your HSA

You determine how and when to use your HSA dollars. You can use your funds to pay for expenses not covered by the plan or other eligible healthcare expenses. Any funds remaining at the end of the year will roll over and always belong to you.

## WHAT'S THE "TRIPLE TAX ADVANTAGE" OF THE CDHP WITH HSA?

An HSA lets you save on taxes three ways:

- You pay no employment or federal income taxes on the money you invest into your account or on the earnings. In most states, you avoid state taxes on the money too.
- The earnings on your HSA grow tax-free as long as they remain in the account, which provides a great way to pay for future medical expenses—including those you incur in retirement.
- The money you withdraw to pay for eligible medical expenses—today, tomorrow or in the future—is not subject to taxes.

# How to Open Your HSA

Optum Bank is UnitedHealthcare's healthcare bank of choice and is a national leader in HSA banking. Plus, only Optum Bank offers the convenience of banking through your health plan website, [myuhc.com](https://myuhc.com). Learn more about Optum Bank at [optumbank.com](https://optumbank.com).

# Flexible Spending Accounts

Yaskawa America, Inc. offers three Flexible Spending Account (FSA) Programs through UnitedHealthcare. Flexible Spending Accounts let you set aside a certain amount of your paycheck into an account on a pre-tax basis. During the year you have access to these accounts for reimbursement of expenses you regularly pay, such as healthcare and dependent day care. With the Healthcare FSA, you will have the flexibility of using a prepaid benefits card at your provider's office or pharmacy.

## Healthcare Flexible Spending Account

Can be established to help you pay for unreimbursed medical, dental, and vision expenses for you and your dependents with pre-tax dollars. Those enrolled in the CDHP are not eligible to enroll in this plan.

## Limited Healthcare Flexible Spending Account for CDHP/HSA Participants

Allows for out-of-pocket dental and vision expenses to be paid for on a pre-tax basis. These expenses have been limited so that enrollment is compatible with eligibility rules related to Health Savings Accounts. Limited Purpose FSA funds can be used for eligible dental and vision expenses only.

## Dependent Care Flexible Spending Account

Funds can be used for your dependent(s) under the age of 13. Your dependent over age 13, or spouse who is physically not able to care for himself or herself is considered to be a qualified dependent if their expenses for care could qualify for the federal income tax credit on your tax return.

## Commuter Reimbursement Account

Through Wageworks, Associates living in major metropolitan areas may have the ability to set aside pre-tax dollars to pay for commuting and parking expenses. See Human Resources for more details.

### 2026 CALENDAR YEAR MAXIMUM CONTRIBUTIONS

Healthcare FSA	\$3,400

### Plan Highlights

- 60% income replacement to monthly maximum benefit of \$10,000.
- Starts paying a monthly benefit after 180 days of disability.
- You are eligible to receive benefits up to your normal Social Security Retirement Age.
- If you should pass away while receiving LTD payments, your survivor will receive a survivor benefit payment equaling three (3) months of your total monthly LTD benefit.

For a detailed description of the benefit provisions and the limitations and exclusions, please see the summary plan description. Any questions can be directed to your HR Department. Generally, you are considered disabled and eligible for long term benefits if, due to sickness, pregnancy, or accidental injury, you are receiving appropriate care and treatment and complying with the requirements of the treatment and you are unable to earn more than 80% of your pre-disability earnings at your own occupation for any employer in the local economy.

The employer-paid premium for Long Term Disability is considered as taxable income to Associates (Gross Up). This will allow the Long Term Disability benefit to not be considered taxable income if a claim is paid out to an Associate during their time of need.

# Retirement Plans

## 401(k) Plan

This program enables you to save for retirement on a Pre-Tax or Post-Tax basis. You may elect to defer from one to 80% of your pay. Yaskawa offers several investment options (with a range of risk). You can enroll as soon as two weeks following the date of hire. If you don't enroll on your own or opt out, you will be automatically enrolled 30 days after eligibility, at a pre-tax contribution rate of 6% of eligible pay. If you do not want to participate, you must contact Merrill Lynch within 30 days after you become eligible. You can cancel your participation at any time, but contributions already made will remain in the Plan. Employer contributions to the Profit Sharing and 401(k) accounts are 100% vested after three (3) years of service\* with Yaskawa America, Inc. Associate contributions are vested immediately. 401(k) contributions and fund allocation can be adjusted throughout the year to help you meet your retirement goals.

Please note that Yaskawa America, Inc. will match your 401(k) percentage election up to 6% of the Associates earnings. In addition, changes to your 401(k) deductions can be made any time during the plan year on Benefits OnLine at [www.benefits.ml.com](http://www.benefits.ml.com).

## Profit Sharing Plan

Participation in the Yaskawa America, Inc. Profit Sharing Program gives Associates the opportunity to share in the growth and success of Yaskawa America, Inc. Your account growth depends on the profitability of the company, which greatly depends upon the combined efforts of all Yaskawa America, Inc. associates.

All YAI-DMD Associates are eligible to participate in the Plan, except expatriates transferred from YEC companies. The Associate must be eligible to participate in the 401(k) plan, employed on the last day of the Plan year, and work at least 1,000 hours during the year. If an Associate worked at least 1,000 hours, but has been employed for less than one year, profit sharing will be a prorated amount. This amount is deposited into the associate's 401(k) account per Plan provisions. New Associates hired will be eligible for this bonus on a prorated basis as follows:
